

FAQs:

What if I don't create an Adobe ID?

Without an Adobe ID, you will not be able to download Adobe epub formatted books.

What do I do when the eBook expires?

You will not be able to read your eBook once the license expires (usually two weeks). However, you will still see the file listed on your device until you delete it.

Can I load my books onto different devices?

You can download your book as many times as you like during the checkout period. All copies will expire on the due date.

Do I need wi-fi to download to my device?

Your device needs to be able to access the internet to download directly to your device. If you don't have access to the internet, you can plug your device into a computer with internet access and transfer the book to your device.

How To:

Download Ebooks to
your Android
Device

1. Install Overdrive Media Console

- If your device can access the Android Market, search for “Overdrive” and install Overdrive Media Console app.
- If you can’t find an icon for the Android Market, you can download the app from Overdrive’s website. Open the web browser on your device and go to this address. <http://www.overdrive.com/software/omc/AndroidEULA.aspx>
- Scroll through the user agreement and click “agree” at the bottom. The app will begin to download. The list of downloads will open. Touch the Overdrive item in the list to install the app.
- Click on the “Menu” button and select the option “Get books.”
- Touch the “Add a Library” option and search for your home town or city. Select your home library, and touch the star to activate the CW/Mars digital catalog on your device.

2. Get an Adobe ID

- You will also need to register with Adobe to activate and read books in the Adobe Epub format.
- Touch the “menu” button in the Overdrive App, then select the “Settings” option.
- Scroll down to “Authorize this app to open Adobe-protected ebooks.”
- Select this button:

Create an Adobe Account

- Click the button to sign up for an Adobe account.
- Enter your information to sign up for an Adobe account.
- Return to the Overdrive App.
- Touch the “Menu” button and select the “Settings” menu.
- Scroll down and find the forms to enter your Adobe ID and password.
- Click “Authorize” to authorize your device.

3. Download Books

- Touch the “Menu” icon and select “Get Books.”
- Your web browser will open and load the CW/Mars digital catalog.
- Click the Login link at the upper right, and enter your library card number.
- Find an ebook and click on the “add to cart” button.
- Click the “proceed to checkout” button.
- Select a 14 or 7 day loan period.
- Click the “checkout” button.
- The book will now appear in your Bookshelf in your Overdrive account.
- Click the “download” button to download the book to your Android device.
- The book will expire at the end of the loan period, although you will still see the title of the book on your device. You can delete it at the end of the loan period.
- Enjoy reading your eBook!
